

# TEMPUS BLENDGUARD

## Unlock Your Spray's Full Potential with Tempus BlendGuard

### The Power of a Compatibility Agent, Buffer and Spreader

You invest heavily in crop protection products. Ensure every dollar you spend translates into maximum results. Adjuvants are the essential tool to unlock the full potential of your spray solutions.

### Why Adjuvants Matter

An adjuvant is any substance added to a spray tank to improve the efficacy of a pesticide or modify its application characteristics. Think of them as performance enhancers for your chemicals. They improve applications by:

- Enhancing Coverage
- Improving Adhesion
- Boosting Penetration
- Reducing Evaporation
- Mitigating Drift

### Complete Coverage, Maximum Efficacy

Sometimes multiple products in a spray tank don't mix properly and they need additional products to help multiple products go into solution as well as stay in solution. By combining a compatibility agent, buffer and spreader into one package, Tempus BlendGuard can get you out of most tank mix issues with ease.

## Maximizing Your ROI

By using the correct adjuvant, you ensure that every ounce of your crop protection product works as intended. The result? Better pest control, healthier crops, and improved return on your investment.

### Applications

#### Tempus BlendGuard is easy to use:

Use 1–4 pints of BlendGuard per 100 gallons of spray solution to prevent antagonistic tank mixing conditions.

Use 3–6 pints of BlendGuard per 100 gallons of spray solution to correct tank mix incompatibility.

#### Invest in your crop's future and your crop's success.

Contact your Tempus Ag Sales Manager for tailored application rates! For best results, always use a Tempus Ag adjuvant. This information is not intended to replace a label. Always follow and read label directions.

Do you want a more consistent ROI on your farm? Commit to trying **Tempus Ag's SyStemS** approach. Incorporating these proven tactics and products will improve your ROI.

**Start** with the soil  
**Spray** all applications with quality adjuvants  
**Supply** foliar and biological products throughout the season
