

TEMPUS HI-LOAD COC

Unlock Your Spray's Full Potential with Tempus Hi-Load COC

The Power of a High Load COC

You invest heavily in crop protection products. Ensure every dollar you spend translates into maximum results. Adjuvants are the essential tool to unlock the full potential of your spray solutions.

Why Adjuvants Matter

An adjuvant is any substance added to a spray tank to improve the efficacy of a pesticide or modify its application characteristics. Think of them as performance enhancers for your chemicals. They improve applications by:

- Enhancing Coverage
- Improving Adhesion
- Boosting Penetration
- Reducing Evaporation
- Mitigating Drift

Complete Coverage & Maximum Efficacy with High-Load COC

A Hi-Load Crop Oil Concentrate (COC), also known as a high-surfactant oil concentrate (HSOC), is primarily used in agricultural sprayers to provide the performance of a standard COC at significantly lower use rates, typically half the rate of traditional concentrates.

Maximizing Your ROI

By using the correct adjuvant, you ensure that every ounce of your crop protection product works as intended. The result? Better pest control, healthier crops, and improved return on your investment.

Applications

Tempus Hi-Load COC is easy to use:

Use a minimum of 4 to 8 fluid ounces per acre or at 50% of the recommended rate of either standard Methylated Seed Oil or Crop Oil Concentrate.

Tempus Seed Oil will optimize the performance of many glyphosate tank-mixes.

Always read herbicide labels for specific directions on using MSO's.

Invest in your crop's future and your crop's success.

Contact your Tempus Ag Sales Manager for tailored application rates! For best results, always use a Tempus Ag adjuvant. This information is not intended to replace a label. Always follow and read label directions.

Do you want a more consistent ROI on your farm? Commit to trying **Tempus Ag's SyStemS** approach. Incorporating these proven tactics and products will improve your ROI.

Start with the soil
Spray all applications with quality adjuvants
Supply foliar and biological products throughout the season

Unlock Peak ROI with the Integrated Tempus Ag's 3S System
