

## TEMPUS STUNNER PM

## Unlock Your Spray's Full Potential with Tempus Stunner PM

### The Power of a Surfactant, Humectant, Water Conditioner and Anti-Drift

You invest heavily in crop protection products. Ensure every dollar you spend translates into maximum results. Adjuvants are the essential tool to unlock the full potential of your spray solutions.

### Why Adjuvants Matter

An adjuvant is any substance added to a spray tank to improve the efficacy of a pesticide or modify its application characteristics. Think of them as performance enhancers for your chemicals. They improve applications by:

- Enhancing Coverage
- Improving Adhesion
- Boosting Penetration
- Reducing Evaporation
- Mitigating Drift

### Complete Coverage & Maximum Efficacy with Stunner PM

Combining a surfactant, humectant, water conditioner, and anti-drift agent into a single adjuvant blend creates a "multi-functional" or "all-in-one" solution that maximizes the efficacy of agricultural sprays while simplifying the application process.

#### Core Benefits of the 4-in-1 Combination:

- Neutralizes Water Hardness (Water Conditioner)
- Maximizes Leaf Coverage (Surfactant)
- Extends Absorption Time (Humectant)
- Ensures Precision Placement (Anti-Drift)

## Maximizing Your ROI

By using the correct adjuvant, you ensure that every ounce of your crop protection product works as intended. The result? Better pest control, healthier crops, and improved return on your investment.

### Applications

#### Tempus Stunner PM is easy to use:

Tempus Stunner PM should be used at 2-5 oz/acre or 0.125 - 0.25% v/v.

### Invest in your crop's future and your crop's success.

Contact your Tempus Ag Sales Manager for tailored application rates! For best results, always use a Tempus Ag adjuvant. This information is not intended to replace a label. Always follow and read label directions.

Do you want a more consistent ROI on your farm? Commit to trying **Tempus Ag's SyStemS** approach. Incorporating these proven tactics and products will improve your ROI.

**Start** with the soil

**Spray** all applications with quality adjuvants

**Supply** foliar and biological products throughout the season

### Unlock Peak ROI with the Integrated Tempus Ag's 3S System
