

**TEMPUS K-AMEO**

## Unlock Your Crop's Potential with Tempus K-ameo (0-0-23)

Potash serves as a vital source of potassium that strengthens plant cell walls and regulates water balance, which significantly improves a crop's natural resistance to drought, cold, and disease. As a primary macronutrient, it also drives the photosynthesis process and the internal transport of nutrients, directly increasing crop yields and enhancing the final size, flavor, and shelf life of the harvest.

### Key Benefits and Features of K-ameo

- Rapid Deficiency Correction
- Targeted Reproductive Support
- Emergency Stress Mitigation
- Synergistic Efficiency

### Key Benefits of Adding Potash to Crops

Potash provides crops with essential potassium to ensure high-quality yields and long-term food security. Its three most important features are:

**Water Management:** It regulates the opening and closing of leaf pores (stomata), allowing plants to retain moisture and survive during drought conditions.

**Structural Strength:** It thickens cell walls to create stronger stalks and roots, preventing plants from falling over (lodging) and helping them resist diseases.

**Nutrient Transport:** It acts as a "traffic controller" to move sugars and starches from the leaves to the fruit or grain, which directly improves size, flavor, and nutritional value.

### POTASH DEFICIENCY SYMPTOMOLOGY

## Applications

**K-ameo is easy to use:**

### RECOMMENDED RATES

- IN-FURROW: 1-6 quarts per acre post planting
- FOLIAR: 2-6 quarts per acre

### **Invest in your crop's future and your crop's success.**

Contact your Tempus Ag sales rep for tailored application rates! For best results, always use a Tempus Ag adjuvant. This information is not intended to replace a label. Always follow and read label directions.

Do you want a more consistent ROI on your farm? Commit to trying Tempus Ag's SyStemS approach. Incorporating these proven tactics and products will improve your ROI.

**Start** with the soil  
**Spray** all applications with quality adjuvants  
**Supply** foliar and biological products throughout the season

**Unlock Peak ROI with the Integrated Tempus Ag's 3S System**
