Tempus 60/40

ACTIVE INGREDIENTS

Principal Functioning Agents:	
RBD Seed Oil	60%
Alcohol ethoxylate, alkylphenol ethoxylate	
Ingredients exempt from tolerance under 40 CEB 180	

KEEP OUT OF REACH OF CHILDREN CAUTION! / PRECAUCIÓN!

Causes eye irritation. Causes skin irritation. Harmful if swallowed.

FIRST AID

Have the product container with you when calling a poison control center or doctor, or going for treatment.

IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses if present, after the first 5 minutes, then continue cautiously rinsing eye. If eye irritation persists: Get medical advice or attention.

IF ON SKIN OR CLOTHING: Take off contaminated clothing. Wash skin with plenty of soap and water for several minutes. If skin irritation persists: Get medical advice or attention.

IF SWALLOWED: Call a POISON CENTER, doctor or physician if you feel unwell. Unless advised otherwise by a poison control center or doctor, have person rinse mouth with water, if able. Do not give anything by mouth to an unconscious person. IF INHALED: Remove person to fresh air. If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably mouth to mouth if possible.

GENERAL INFORMATION

Tempus 60/40 is used on agricultural crops, in forestry applications, in industrial and R.O.W settings, in pasture and rangeland areas, municipal, and in T&O or in any non-aquatic application.

RECOMMENDED RATES

Tempus 60/40 is a superior blend of special emulsifiers, surfactants and RBD seed oils, designed to enhance pesticide performance when compared to standard Methylated Seed Oils,(MSO) or Crop Oil Concentrates (COC). Use a minimum of 4 to 8 fluid ounces per acre or atm50% of the recommended rate of either standard Methylated Seed Oil or Crop Oil Concentrate.

Tempus 60/40 will optimize the performance of many glyphosate tank-mixes. Always read herbicide labels for specific directions on using MSO's.

MIXING INSTRUCTIONS

To mix Tempus 60/40, fill the spray tank half full with water, add the proper amount of pesticide, fertilizer or micronutrient as directed by its label and then add Tempus 60/40. Maintain agitation during the entire process. Continue agitation before and during each application to ensure a uniform spray. For tank mix compatibility concerns, conduct a jar test of the proposed mixture to ensure compatibility of all components. Mix the components in the same ratio as the proposed tank-mix.

STORAGE

Store in a cool, dry place in original container. Do not store near oxidizing agents. Keep container closed in storage. Do not allow water to be introduced. Do NOT store below 32 F.

WARRANTY: Directions for Use of this product reflect the opinion of experts based on field use and tests. The directions are believed to be reliable and should be followed carefully. However, it is impossible to eliminate all risks inherently associated with the use of this product. Crop injury, ineffectiveness, or other unintended consequences may result, because of such factors as weather conditions, presence of other materials, or the manner of use or application all of which are beyond the control of TEMPUS AG, LLC or the Seller. All such risks shall be assumed by the Buyer. TEMPUS AG, LLC warrants that this product conforms to the chemical description on the label and is reasonably fit for the purposes referred to the Directions for Use subject to the inherent risks referred to above. TEMPUS AG, LLC. makes no other express or implied warranty. In no case shall TEMPUS AG, LLC or the Seller be liable for consequential, special, or indirect damage resulting from the use or handling of this product. TEMPUS AG, LLC and the Seller offer this product, and the Buyer and User accept it, subject to the foregoing Conditions of Sale and Warranty, which may be varied only by an agreement in writing signed by a duly authorized representative of TEMPUS AG, LLC.
